

PLAN BIG AERIAL STUNT FOR FAIR

CAPT. J. H. WORDEN TO BOMBARD FORT FROM AIRSHIP.

MANAGER CONTRACTED TODAY FOR EXHIBITION

Last Year's Aviator Will Return for Six Days Attraction This Summer—Warfare Feature is Added.

Capt. J. H. Worden, who gave aviation flights at the Nodaway county fair here last September, will repeat with three flights daily for the six days of the fair this year, once with a feature aerial pyrotechnical stunt, as a result of a contract entered into this afternoon by James A. Ford, fair manager, with Captain Worden.

The feature will no doubt be the big attraction of the fair this year, which is to be held from August 29 to September 4 inclusive. It will consist of the bombardment and fall of a fort, in duplicate of such warfare in Europe. It will be made to represent the siege and surrender of Liege, Belgium, which the Germans captured last fall.

Extensive scenery is carried reproducing the fortifications of Liege, within which are twenty-four special bomb mortars for shooting bombs skyward. The aeroplane makes a flight of reconnaissance, discovers the fort and attacks it. As the aeroplane comes within range of the fort, guns open fire with loud detonation bombs, which burst all around the aeroplane at about two thousand feet altitude. The aviator returns the fire with special made bombs. A veritable battle ensues, during which over a hundred bombs are fired. It is terminated when a large powder magazine is exploded, totally destroying the fortifications.

The act carries its own scenery, bombs, moisant military aeroplane fitted with genuine imported French Gnome rotary motor, full line of spare parts for both machine and motor, thereby insuring against delay because of minor accidents, and a 40x60 tent for housing the outfit. No other aviation on the road carries as complete an equipment. Captain Worden is an international military flyer with five years experience in consistent and steady flying.

By the terms of contract Captain Worden must fly on each of the six days of the fair, barring rain or disagreeable weather, which results in partial forfeiture of pay. It is planned to have one flight each morning and two each afternoon, except on the day when the feature is given, when only one exhibition will be given.

Captain Worden is showing this year at some of the larger state fairs of the middle west. The contract stipulated that he shall not make any other aerial exhibitions this season within a fifty-mile radius of Maryville.

MAY HAVE ELECTRIC LIGHTS

Conception Junction to Consider Proposition Made by Maryville Company for Modern Lighting System.

A proposition was made yesterday by the Maryville Electric Light and Power company to the merchants of Conception Junction that if the merchants of the town and the farmers along the route between Maryville and Conception Junction would subscribe two-thirds of the money needed to extend current wire service and wire the town for electric lights, the Maryville plant would pay the other one-third and furnish electricity to the consumers at the same rate given the Maryville consumers.

When established, the gross receipts will be paid back to the stockholders subscribing the capital, until the entire principal is paid.

The proposition was made at a meeting called for yesterday afternoon by the Merchants club of Conception Junction and attended by C. C. Hellmers, manager of the Maryville company, the business men and property owners of the town and many farmers along the proposed route.

A definite action on the proposition will be taken Tuesday night at a general meeting of the town council and business men. The subject has been agitated by the Conception people for some time, and they are very anxious to have a modern lighting system installed. Practically all the farmers along the route between the two towns are working with the merchants in an effort to obtain an electric service.

Conception Junction is the eighth town in the county to take up the subject of electric lights. Burlington Junction, Elmo and Hopkins have been electrically lighted for some time, and at both Graham and Skidmore a system is being installed which will be ready for use by September 1. Barnard owns and operates its own plant, and is now wiring the town, the service to be ready by July 1. The town council of Clearmont is considering a proposition with a Clarinda, Ia., power company and will probably take definite action on the plan this summer.

Conception Junction is one of the liveliest rural towns in the county and has planned to inaugurate many other improvements in addition to having electric lights.

HOLD ROOF RITES TODAY.

Funeral for Pioneer Methodist Minister Held at Parnell—Burial at Hopkins.

Funeral services for the Rev. E. V. Roof, 91 years old, one of the best known ministers in the Methodist conference and a pioneer settler of Nodaway county, who died yesterday morning, were held at 2 o'clock this afternoon at the Methodist church at Parnell.

The service was conducted by the pastor, the Rev. W. E. Tinney, assisted by Dr. W. B. Christy of Maryville. The body will be taken to Hopkins tomorrow for burial and will be interred in the Hopkins cemetery tomorrow afternoon.

Mr. Roof is survived by his wife and five children. They are A. J. and E. V. Roof of Parnell, Elias Roof of Conception Junction, Mrs. Eaton of Topeka, Kan., and Mrs. Allen of Kansas City.

Market Live Stock.

The following farmers and stockmen of Nodaway county marketed live stock in St. Joseph yesterday: C. D. Gilbert, P. E. Kaas, George Giesken, Horton & Co., D. D. Henderson, W. N. Wray, J. Allen, Lowery & Co., G. H. Swaney, J. B. Nunnelley, J. Owens and R. Fennell.

FIRST GAME TODAY

MARYVILLE PLAYS BARNARD THIS AFTERNOON AT NORMAL.

ALL STARS TO REMAIN

Final Offer of Week-Day Management Rejected—Sunday Playing Almost Certain.

Despite rain this morning, the first game of the week-day base ball team will be played at the Normal grounds beginning at 4 o'clock this afternoon, against the Barnard team. The visiting players arrived here by train at noon today, with good material, and a close game is expected.

Mayor U. S. Wright has agreed to pitch the first ball, while the Maryville Commercial band has been engaged to furnish music before the game and between innings. Ed Keck will be umpire.

The probable lineup for the Maryville team this afternoon was announced as follows:

Pitchers—V. W. Conley, Thomas, Hopkins or John McDougal.
Catcher—"Tood" Wiles.
First base—Walter Wray.
Second base—Ernest Vaughn.
Third base—Clayton Woodard.
Shortstop—George Palfreyman.
Left field—Otto Still, Maryville.
Center field—Emmett Scott.
Right field—Charles Moore.
Substitutes—A. B. Aley and E. Adams.

The lineup of the Barnard team as announced this afternoon by the manager will be: Hubble, p; Brittain, c; Cundiff, 1b; Strader, 2b; Van Meter, 3b; Duke, ss; Sharp, lf; Mehauffey, cf; Badger, rf.

Base Ball War Imminent.

Virtually all hopes of preventing Sunday base ball in Maryville this season were lost last night, when an offer made by Fred P. Robinson of the week-day management to the All-Stars manager, Cleve Funk, was rejected. Leaders in the week-day management say it is up to the All-Stars now, while Manager Funk said last night the best offer made by the week-day management would not be acceptable.

The All-Stars were offered half of the gate receipts at the week-day games until their indebtedness of approximately \$85 was paid, but were guaranteed but \$50. The All-Stars declined to accept any offer but the entire amount in cash now or a guarantee of the entire amount from the gate receipts.

"We have been and are yet today willing to accede to the wish of the other management on the payment of all our debts, but that only," said True Hollowell, assistant manager of the All-Stars, this morning. "After today however, all is off. We will go ahead constructing a grand stand and bleachers on the Harrison pasture, East First street, preparatory to the opening game here next Sunday afternoon with the Kegin Brothers fast amateur team of St. Joseph."

Up to All-Stars Now.

"We have made our best offer, and it is now up to the All-Stars to accept or reject," said Walter Wray, assistant manager for the week-day games, this morning. "We have made every offer possible to prevent Sunday base ball in Maryville this season and can do no more but go ahead with the week-day games, regardless of what the All-Stars may do."

So that is the situation today, and probably is final, leaders on both sides agree. The signing up of players and attraction of an audience is now the main work of the two managements.

LEAVES ESTATE TO HUSBAND.

Mrs. Nancy J. Tipple, Hopkins, Also Names James W Tipple as Executor.

The will of Mrs. Nancy J. Tipple, who died at her home, near Hopkins, May 28, was filed in probate court today. She names her husband, James W. Tipple, as executor. He was appointed today.

All her real estate, consisting of considerable farming land around Hopkins, was left to the husband by the terms of the will until his death, when it reverts to her children and grandchildren.

Squirrel Season is Open.

The open season for hunting squirrels in Missouri began Tuesday, June 1, and will continue until January 1, 1916. There is reported to be more than the usual number of this species of game.

Mr. and Mrs. Irvin Beam of Clearmont were visitors in Maryville yesterday.

HAS LIVED HERE FORTY YEARS.

Chris R. Walts Will Make His Home in St. Joseph in Future.

Chris R. Walts, who has resided in Maryville for over forty years, will go to St. Joseph Friday to make his home in future with his son, Frank E. Walts, a traveling salesman.

Thirty years ago Mr. Walts was engaged in the livery business at the present location of Robey's garage. He continued in this business for some time. For the past five years he has been employed at the Townsend Grocery company. Mr. Walts expects to retire from business life on taking up his residence in St. Joseph.

Return from Tarkio.

Miss Mildred Robinson and Miss Mary Margaret Richey will return tonight from Tarkio. Miss Richey has been spending the past two weeks with her cousin, Miss Marjorie Trout, and Miss Robinson has been the guest of Miss Kathleen Hurst since Monday.

POLICY UNCHANGED

GERMAN AMBASSADOR IS TOLD AMERICA WILL STAND PAT.

BREAK IS LOOKED FOR

Bernstorff Hopes to Induce Kaiser to Yield to Demands—Strain Between Countries More Acute.

Washington, June 3.—President Wilson emphasized in an informal talk with Count von Bernstorff, the German ambassador, the intense feeling of the American people over the sinking of the Lusitania and other violations of American rights on the high seas, and impressed upon him that the United States must insist on an adherence by Germany to the accepted principles of international laws as they affect neutrals.

No Change in Policy.

No announcements were made after the conference, which had been arranged at the ambassador's request but it was stated authoritatively that there would be no change in the plan of the president and his cabinet to send in response to the German reply to the last American note an inquiry to ascertain definitely whether the imperial government will abide by international law or follow its own rules of maritime warfare. The note, which is being written by President Wilson, will be dispatched before the end of the week.

Discuss Fundamentals.

In twenty minutes' conversation the president of the United States and the personal representative of Emperor William exchanged views on the delicate situation which has arisen in the relations between the two countries. Their meeting was cordial, their conversation friendly and both discussed fundamentals and not details.

Count von Bernstorff later told friends that the interview had been satisfactory and the president had spoken clearly and frankly. The ambassador felt very hopeful when he returned to his embassy. He believed the report which he prepared for transmission to Berlin would enlighten the German foreign office on the true state of the American government's opinion and pave the way to a better understanding.

In official and diplomatic quarters opinion was divided as to the effect of the conference. Some thought it would be beneficial and bring from Germany conciliatory reply to the next American communication.

Explains U. S. Position.

The conference at the White House was the outstanding development of the day in the international situation. The president is understood to have explained the American government's position and to have reiterated that it was based on legality. It is believed the ambassador was told that if the German government could conduct its submarine warfare in accordance with the dictates of humanity in a way that would not endanger the lives and property of neutrals, there would be no objection to the use of the underwater craft as a commerce destroyer. The exercise of the right of visit and search, however, the president is said to have explained, would be insisted upon when submarines encounter unarmed merchantmen or vessels which do not resist capture.

225 TO TAKE QUIZ

TEACHERS OF COUNTY AND NORMAL TRY OUT THIS WEEK.

TO CONTINUE TWO DAYS

Examinations for Certificates Begins Tomorrow and Ends Saturday Afternoon—Select Examiners.

Between 225 and 250 teachers and would-be teachers from Nodaway county and others attending the Normal are expected to take the regular June examination for teachers' certificates, to be held here tomorrow and Saturday. The hundred expected from the county will be examined in the classrooms of the Maryville Business college. Those attending the Normal from out of the county will take the quizzes at the Washington school building.

Between 125 and 150 attending the Normal are expected to take quizzes, President Ira Richardson announces. This is far above the number taking the March examinations, when only fifty-two were examined. All those were teachers in Nodaway county.

Name Examiners.

The examinations will be supervised by County School Superintendent Bert Cooper, with Mrs. O. C. Hanna as chief assistant at the Business college while Miss Golda Airy of Maryville will be the chief assistant at the Washington building. Mrs. Hanna will have two assistants and Miss Airy will have two to assist her.

The examinations will begin at 8 o'clock tomorrow morning at each place and continue throughout both days, until all are examined. Some will not take sufficient quizzes to be entitled to a teachers' certificate, but will expect to finish next August, when another examination will be conducted. Some who took a partial examination last March intend to complete the work this time.

Some Will Merely Review.

Others will merely review for a better certificate or retention of their present teachers' certificates. Questions in the following studies will be given tomorrow morning. Geography, language, algebra and orthography. Tomorrow afternoon these subjects will be given: Grammar, arithmetic, literature and reading.

Saturday morning quizzes on civil government, U. S. history, agriculture, algebra and advanced science will be given, followed that afternoon with questions on physiology, writing, pedagogy, literature and advanced history. Those desiring examinations on reading circle work also are expected to attend the examinations this week for special work.

KNOW BELLONS IN ARGENTINA.

Picture of Stock Sale Here Two Years Ago in Buenos Aires Paper.

The name of Bellows, and their fine herds of live stock, likewise their modern, up-to-the-minute farm operations, is quite well known in northwest Missouri, and even other parts of the country, but it has gone further, Bellows Brothers have found.

On receipt of a recent issue of the Buenos Aires Herald of Buenos Aires, Argentina, South America, what was their surprise to find reproduced there in a picture of a big stock sale they held on their farm, southwest of Maryville, in June, 1913. A brief article telling of the Bellows herd accompanied the picture.

ROBERT WARWICK TO STAR.

"The Man Who Found Himself" Will Be Shown at the Empire Tomorrow Night.

Robert Warwick is the star of the 5-part photoplay "The Man Who Found Himself," which will be shown at the Empire theater tomorrow night. It is based upon the drama which, when produced a few years ago, was called "The Mills of the Gods" in New York and "The Coward" in Chicago. The author is George Broadhurst.

There is something of a problem in this play, not a sex problem, but one which concerns the vital parts of a young man's career. James Clarke, the principal, has fallen into disgrace by theft and forgery; has been sent to jail and escapes. His old associates and partners in error won't let him go straight until he "finds himself."

To Spend Summer.

Miss May French, who has been employed at Bloomfield, Mo., arrived in the city yesterday from St. Louis, where she visited her sister, Mrs. C. E. Lippman. Miss French will spend the summer in Maryville with her mother, Mrs. M. A. Martin.

MANY WITNESS SHAM BATTLE

"Blues" Defeat "Reds" in Company F's Imitation Warfare at Normal—Plan to Repeat Act.

While a crowd of fully 300 men, women and children looked on from the Normal and Normal walk, the "blues" division of Company F, Fourth regiment, National Guards, advanced upon the "reds," made a charge and a counter charge in the grove southwest of the Normal building, forcing them to retreat at 9 o'clock last night. The defeat of the "reds," in command of Lieutenant Arch Ledgerwood, was accomplished only after a continued firing of several minutes by the division under Captain John K. Ross and a detachment in charge of Lester Bennett.

The crowd could not observe the maneuvering, plotting and scouting prior to the attack in the Normal grove, but when once the enemies met, the spit of fire from the infantry arms showed up well in the darkness. Some in automobiles threw the headlights on the battle scene, to better observe the actions of the two divisions.

Plan More Sham Battles.

The battle was refereed by Chester Bennett and John McDougal. McDougal took the place of Paul Sisson, who was to have been a referee.

The sham battle held by Company F last night is the first of a series being planned by Captain Ross. It is intended to hold another among the company members soon, probably some place other than the Normal grounds, and also to invite the company of Tarkio here to engage in a make-believe war this summer.

The fact that the 350 rounds of ammunition carried last night were handled by company members placed no financial burden on the company. The "red" army last night under Lieutenant Ledgerwood consisted of nine men, while the division in command of Captain Ross consisted of sixteen.

One reason for the defeat of the "reds" was because of a blunder some of the members of that division made when they fired on a detachment of their own. This gave the enemy a knowledge of their location and resulted in the united attack from the west.

Considerable firing was done by several small boys after the battle in celebration of the event, which led many of the audience to believe that some members of the militia were still firing upon the enemy. After the attack, however, the members were marched to the armory without more ado.

RIDES FLOATING LOG TO TOWN.

Cliff White Takes Advantage of Flood in 102 River to Reach Hopkins.

Some excitement was caused in North Hopkins last Friday when a man was seen coming down the 102 river, north of the cemetery bridge, astride a log. The stream was a raging torrent, being bank full, and those who saw the man supposed he was a victim of the high waters. It proved to be Cliff White, attired in a rubber suit, who had taken this means of transportation to get to town from his home some two miles up the creek, where he had been at work dragging lumber from the river.

The log was traveling at fifteen miles an hour when it passed under the bridge, and it took some quick work on Cliff's part to dodge the piers and pull himself onto the bridge without being hurt or falling from the log into the water.—Hopkins Journal.

300 ATTEND SCHOOL PICNIC.

Clyde School Celebrates Closing by Spending Day in Grove.

The annual closing day picnic of the Clyde school was held yesterday in the grove of the Clyde convent and was attended by about 300 persons. As a courtesy to Father Frown, priest at the Clyde church, who is a former student at Conception college, the Conception college band came to Clyde at noon and attended the picnic, giving a fine musical program for the delight of the picnic crowd. Various athletic events and a ball game, in which the girls defeated the boys by a score of 10 to 4, occupied the afternoon.

Dinner was spread in the grove at noon. The program of the day was in charge of the teachers, Sister Frances and Sister Loretta. The Clyde school closed last week and on account of the bad weather the picnic was postponed until yesterday.

Largest Circulation in Nodaway County

For the eight months ending March 31, 1915, the total exports and imports of this country amounted to \$2,797,000,000. Of this business 12.64 per cent was carried in American ships under the American flag as against 8.34 per cent last year. This shows a 50 per cent increase, but it means that more than 87 per cent of our foreign business is still carried in foreign vessels.

In Randolph county the road commissioners have purchased sixteen car loads of oil, an oil sprinkler and a \$500 team of mules and propose to go at the matter of road improvement in a practical and business-like way. They expect this equipment to produce twenty miles of good roads, which will be followed by other installments. A road well graded and oiled and kept up makes a fine road and is less expensive than some of the slipshod makeshifts.

One development of benefit in peace that may come out of this war is the serviceability of the aeroplane. While they have not brought any great results in war, except in scouting service, they have been extensively used with but few deaths or injuries from accident, thus showing the practicability of the aeroplane when used in a business-like way. They are not being used now for turning somersaults, looping the loop, or any of the fancy stunts that have brought death to so many aviators in this country. It is entirely possible that in the near fu-

ture they may be utilized in the carrying of mails across seas and in other commercial transactions with comparative safety.

The Deadly Motorboat.

The drowning of two men in a motor boat accident near Parnell and the narrow escape of two more men in the same accident will remind those familiar with boating of how treacherous these attractive boats are. With a heavy engine, little freeboard and no water tight compartments, they present an assemblage of qualities which invite sudden death. With skillful management and reasonably good luck they are safe, but, since they are manned by people of all classes, they frequently are not well handled and are often overloaded. When luck turns there is disaster and the boat which should be buoyant in any position sinks like a wagon load of brick. The tricky canoe is a lifeboat in comparison with one of them when trouble comes. Nevertheless the fact that they are power boats and present an appearance of strength and stability deceives the inexperienced into supposing them to be safer than ordinary row boats. There ought to be a much stricter regulation of these craft with a view to securing greater buoyancy and makers ought to be required to indicate on every one of them by something in the nature of a Pilsoli line just what load they may be trusted to carry.—St. Louis Republic.

HALT, MR. CHINCH BUG.

Democrat-Forum:

Here is how a neighbor of mine saved his corn field from "chints" bugs. First he took a plow and threw two furrows together, making a ridge as high as possible, going clear around the field. Then with rake smoothed the top of the ridge, then he took salt well wet with kerosene oil, making a trail all around the field.

At one corner he dug a hole a foot deep with straight sides, placing a joint of stove pipe so that one end was above the fire, the other end a little ways from the salt. Then he kindled a good fire in the hole, keeping a good bed of coals.

The bugs followed the salt trail, went through the pipe onto the fire. He used one barrel of salt and five gallons of oil, having to renew once on account of heavy rain.

A complaint was filed with the county court today by George W. THE STORE THAT HAS IT CHEAPER

PET'S BITE RESULTS SERIOUSLY.

Mrs. M. Monroe Suffers Blood Poisoning Following Wound Made by Cat.

Mrs. M. Monroe, who makes her home with her sister, Mrs. C. D. McKibben, living south of Maryville, is in a critical condition from blood poisoning, resulting from the bite of a pet cat.

About ten days ago while caressing the cat, Mrs. Monroe was bitten on the finger by the animal. The wound became infected in a short time and the condition of Mrs. Monroe, who is about 45 years old, is very serious.

The Wabash will have through trains Saturday, according to Agent E. L. Ferritor today. The track is now open to Lock Springs, the first station east of Gallatin, and today's trains are being run to that place.

Mrs. Joseph Powers of Kansas City has returned to her home after a few days visit with her mother, Mrs. Katherine Stewart of Arkoe.

Mrs. Ada Patterson, chief operator at the Mutual telephone exchange at Arkoe, is spending a two weeks vacation visiting at various places.

SPECIAL NOTICE TO MARYVILLE FOLKS

We wish to announce we are exclusive Maryville agents for the simple mixture of buckthorn bark, glycerine, etc., known as Adler-i-ka. This remedy, used successfully for appendicitis, is the most thorough bowel cleanser we ever sold. It is so powerful that one spoonful relieves almost any case of constipation, sour or gassy stomach. Adler-i-ka never gripes, is safe to use and the instant action is surprising. The Koch Pharmacy.

GOLD DUST

—it actually works at
hundreds of tasks daily

"Let the Gold Dust Twins do your work" is much more than a popular phrase. It is based on truth, an actuality, for Gold Dust really works.

The millions of women who use it for dishwashing and scrubbing know this. But Gold Dust should be used for cleaning and brightening everything. It is the only washing and cleaning powder needed in any home.

The small quantity required is quickly taken up by hot or cold, hard or soft water—forming a perfect cleaning solution. The valuable antiseptic cleansing agent it contains helps to make things sanitariously clean, as well as bright and new-looking.

SHIP LIVE CATTLE
TO FRENCH FRONT

Thousands Already on Way From
United States.

CAUSES BIG RISE IN PRICES.

Bees on Hoof Will Be Landed in
France and Driven to Trenches, to
Be Slaughtered There—Packers Se-
lecting Stock Physically Fit.

Chicago, June 3.—Live cattle are being shipped from this city to France to furnish the allied armies with beef during the summer campaign. Agents of one of the large packing companies have been busy for a month buying live stock physically fit to stand an ocean voyage, and as a result the price of this class of cattle has risen \$1 a hundred pounds. Sixteen hundred live cattle were shipped to Paris a week ago and another consignment of 1,000 has been dispatched.

The cattle will be shipped to a French port, driven directly to the battle front and slaughtered in the trenches as needed. They will be put aboard ship at Bayonne, N. J.

Negro Denies That He Wrote the
Anna Maude Carter Letters.

Atlanta, June 3.—James Conley, negro factory sweeper, who completed his sentence of one year as accessory to the murder of Mary Phagan, denied that he had written the Anna Maude Carter letters which figured in Leo M. Frank's motion for a new trial.

Conley's denial, made in the presence of Solicitor Dorsey, was the first intimation that Conley had not been the author of these letters, by which Frank's lawyers sought to show that Conley had written without assistance the famous "murder notes" found beside Mary Phagan's body. Conley testified at Frank's trial that the notes were written by him at Frank's dictation.

Frank's counsel contended that the expressions and general form of dictation in the Carter letters were identical with those of the "murder notes" and that Conley had written both independent of outside suggestion.

CARMEN TOLD TO BE READY

Strike on Chicago Street Car Systems
Looms Big.

Chicago, June 3.—A warning, "prepare to strike Saturday," was sent to 17,000 car and elevated railroad employees. This was on the heels of ultimatums sent to the heads of the traction companies demanding immediate assurance of wage increases and requesting immediate replies.

The companies previously have stated that they cannot pay more than the present scale, while union leaders have stated that they will not accept arbitration unless the agreement to do so carries with it an advance assurance that their financial condition will be improved.

Germany to Pay For Gulfight.

Berlin, June 3.—The German government has transmitted a communication to James W. Gerard, the American ambassador at Berlin, explaining that the torpedoing of the American tank steamer Gulfight, off the Scilly islands, on May 1, was a mistake. Germany disavows any intention of attacking harmless neutral ships. In the cases where it is at fault it offers to compensate.

Sonnenschein Trial Begins.

Pierre, S. D., June 3.—The trial of Herman Sonnenschein, a prominent Stanley county stockman, on a charge of rustling two cars of cattle, which were shipped from Lantry in company with others, was commenced here on a change of venue from Stanley county. The cattle in question were stopped at Mobridge and returned to the proper owners.

PRESIDENT'S WARNING
FLASHED TO MEXICO

Agents of U. S. Will Deliver It
to Warring Leaders.

Washington, June 3.—President Wilson's warning to the factional leaders of Mexico that unless within "a very short time they unite to set up a government which the world can recognize the United States will be constrained to decide what means should be employed by the United States in order to help Mexico save itself and serve its people," was flashed to Consul Silliman at Vera Cruz, the Brazilian minister at Mexico City and Consular Agent Carothers, who will deliver it to the leaders of the factions with which they deal.

White House officials refused to amplify the president's statement, saying that any further steps in his new policy would be announced as they were decided upon.

President Wilson conferred with Miss Mabel T. Boardman of the executive committee of the Red Cross on relief of the famine sufferers. Secretary Bryan announced the receipt of a dispatch from the Mexican Red Cross, emphasizing the great need in Mexico City. Another appeal to local Red Cross committees throughout the country will be issued soon to expedite gathering of supplies at the border.

HARD BLOW TO RUSSIANS

Germans Regard Capture of Stry Victory of Strategic Importance.

Berlin, June 3.—Some of the difficulties encountered by the Austro-German forces in capturing the important town of Stry in Galicia, southeast of Przemyśl, are described by correspondents of the Morgenpost and Vossische Zeitung. They say that the capture of Stry was preceded by a large number of severe fights, of which the most bitterly contested was at Lisowice.

At this point the Russians had entrenched themselves strongly. Their trenches were protected by barbed wire entanglements. Once these had been taken the Teuton forces encountered strong defenses along the railroad embankment. Finally the village itself was stormed.

The Russians fired Lisowice and other villages in the vicinity when the attacking troops approached. Among the blazing houses a night battle with bayonets and clubs took place. The Russians offered strong resistance on retreating, bringing up new forces for one counter attack after another. The Austro-German troops, nevertheless, drove them back and pushed forward half way to the Dniester river.

FRENCH BLOW UP GERMANS

Explode Seventeen Mine Fields Under
Teuton Trenches at One Time.

Paris, June 3.—The part played by the engineer corps in the fighting in the region of Arras is described in a narrative from an official observer attached to the French army, as follows: "In the vicinity of Carency the battle has been conducted by the use of mines since January. In this region the galleries and subterranean connecting trenches are more than a mile and a half in length. On May 9 an attack was begun on Carency. Early in the morning the attack was prepared by artillery and simultaneously by the explosion of seventeen mine fields, which destroyed completely a majority of the enemy's barbed wire fortifications and demolished the enemy's subterranean passages. German sappers and miners were killed outright, only seventy being captured."

MY TIRED FEET
ACHED SO FOR "TIZ"

"TIZ" Eases Your Sore, Burning, Swollen, Sweaty, Calloused Feet and Corns.

Just take your shoes off and then put those weary, shoe-crinkled, aching, burning, corn-pestered, bunion-tortured feet of yours in a "TIZ" bath. Your toes will wriggle with joy; they'll look up at you and almost talk and then they'll take another dive in that "TIZ" bath.

When your feet feel like lumps of lead—all tired out—just try "TIZ." It's grand—it's glorious. Your feet will dance with joy; also you will find all foot-pain gone from corns, callouses and bunions.

There's nothing like "TIZ." It's the only remedy that draws out all the poisonous exudations which puff up your feet and cause foot torture.

Get a 25 cent box of "TIZ" at any drug or department store—don't wait. Ah! how glad your feet get; how comfortable your shoes feel. You can wear shoes a size smaller if you desire.

Roumania and Bulgaria Agree.

Paris, June 3.—Bulgaria and Roumania have arrived at a complete understanding, according to a Bucharest dispatch. Roumania having agreed to cede territory in Dobruja. The two countries will enter the war simultaneously, the dispatch says. Roumania against Austria and Bulgaria against Turkey. The army staffs of the two powers are said to be busy co-ordinating military plans.

300,000 Russians Captured in Month.

Berlin, June 3.—The German army headquarters announced that more than 300,000 Russians had been captured during the month of May. Announcement also was made that further Russian entrenchments near Przemyśl had been captured.

PLAN BIG AERIAL STUNT FOR FAIR

CAPT. J. H. WORDEN TO BOMBARD
FORT FROM AIRSHIP.

MANAGER CONTRACTED TODAY FOR EXHIBITION

Last Year's Aviator Will Return for
Six Days Attraction This Summer
—Warfare Feature is Added.

Capt. J. H. Worden, who gave aviation flights at the Nodaway county fair here last September, will repeat with three flights daily for the six days of the fair this year, once with a feature aerial pyrotechnical stunt, as a result of a contract entered into this afternoon by James A. Ford, fair manager, with Captain Worden.

The feature will no doubt be the big attraction of the fair this year, which is to be held from August 29 to September 4 inclusive. It will consist of the bombardment and fall of a fort, in duplicate of such warfare in Europe. It will be made to represent the siege and surrender of Liege, Belgium, which the Germans captured last fall.

Extensive scenery is carried reproducing the fortifications of Liege, within which are twenty-four special bomb mortars for shooting bombs skyward. The aeroplane makes a flight of reconnaissance, discovers the fort and attacks it. As the aeroplane comes within range of the fort, guns open fire with loud detonation bombs, which burst all around the aeroplane at about two thousand feet altitude. The aviator returns the fire with special made bombs. A veritable battle ensues, during which over a hundred bombs are fired. It is terminated when a large powder magazine is exploded, totally destroying the fortifications.

The act carries its own scenery, bombs, moisant military aeroplane fitted with genuine imported French Gnome rotary motor, full line of spare parts for both machine and motor, thereby insuring against delay because of minor accidents, and a 40x60 tent for housing the outfit. No other aviation on the road carries as complete an equipment. Captain Worden is an international military flyer with five years' experience in consistent and steady flying.

By the terms of contract Captain Worden must fly on each of the six days of the fair, barring rain or disagreeable weather, which results in partial forfeiture of pay. It is planned to have one flight each morning and two each afternoon, except on the day when the feature is given, when only the one exhibition will be given.

Captain Worden is showing this year at some of the larger state fairs of the middle west. The contract stipulated that he shall not make any other aerial exhibitions this season within a fifty-mile radius of Maryville.

MAY HAVE ELECTRIC LIGHTS

Conception Junction to Consider Proposition Made by Maryville Company for Modern Lighting System.

A proposition was made yesterday by the Maryville Electric Light and Power company to the merchants of Conception Junction that if the merchants of the town and the farmers along the route between Maryville and Conception Junction would subscribe two-thirds of the money needed to extend current wire service and wire the town for electric lights, the Maryville plant would pay the other one-third and furnish electricity to the consumers at the same rate given the Maryville consumers.

When established, the gross receipts will be paid back to the stockholders subscribing the capital, until the entire principal is paid.

The proposition was made at a meeting called for yesterday afternoon by the Merchants club of Conception Junction and attended by C. C. Heilmers, manager of the Maryville company, the business men and property owners of the town and many farmers along the proposed route.

A definite action on the proposition will be taken Tuesday night at a general meeting of the town council and business men. The subject has been agitated by the Conception people for some time, and they are very anxious to have a modern lighting system installed. Practically all the farmers along the route between the two towns are working with the merchants in an effort to obtain an electric service.

Conception Junction is the eighth town in the county to take up the subject of electric lights. Burlington Junction, Elmo and Hopkins have been electrically lighted for some time, and at both Graham and Skidmore a system is being installed which will be ready for use by September 1. Barnard owns and operates its own plant, and is now wiring the town, the service to be ready by July 1. The town council of Clearmont is considering a proposition with a Clarinda, Ia., power company and will probably take definite action on the plan this summer.

Conception Junction is one of the liveliest rural towns in the county and has planned to inaugurate many other improvements in addition to having electric lights.

HOLD ROOF RITES TODAY.

Funeral for Pioneer Methodist Minister Held at Parnell—Burial at Hopkins.

Funeral services for the Rev. E. V. Roof, 91 years old, one of the best known ministers in the Methodist conference and a pioneer settler of Nodaway county, who died yesterday morning, were held at 2 o'clock this afternoon at the Methodist church at Parnell.

The service was conducted by the pastor, the Rev. W. E. Tinney, assisted by Dr. W. B. Christy of Maryville. The body will be taken to Hopkins tomorrow for burial and will be interred in the Hopkins cemetery tomorrow afternoon.

Mr. Roof is survived by his wife and five children. They are A. J. and E. V. Roof of Parnell, Elias Roof of Conception Junction, Mrs. Eaton of Topeka, Kan., and Mrs. Allen of Kansas City.

Market Live Stock.

The following farmers and stockmen of Nodaway county marketed live stock in St. Joseph yesterday: C. D. Gilbert, P. E. Kaas, George Glesken, Horton & Co., D. D. Henderson, W. N. Wray, J. Allen, Lowery & Co., G. H. Swaney, J. B. Nunnally, J. Owens and R. Fennell.

FIRST GAME TODAY

MARYVILLE PLAYS BARNARD THIS AFTERNOON AT NORMAL.

ALL STARS TO REMAIN

Final Offer of Week-Day Management Rejected—Sunday Playing Almost Certain.

Despite rain this morning, the first game of the week-day baseball team will be played at the Normal grounds beginning at 4 o'clock this afternoon, against the Barnard team. The visiting players arrived here by train at noon today, with good material, and a close game is expected.

Mayor U. S. Wright has agreed to pitch the first ball, while the Maryville Commercial band has been engaged to furnish music before the game and between innings. Ed Keck will be umpire.

The probable lineup for the Maryville team this afternoon was announced as follows:

Pitchers—V. W. Conley, Thomas, Hopkins or John McDougal.
Catcher—"Toad" Wiles.
First base—Walter Wray.
Second base—Ernest Vaughn.
Third base—Clayton Woodard.
Shortstop—George Palfreyman.
Left field—Otto Still, Maryville.
Center field—Emmett Scott.
Right field—Charles Moore.
Substitutes—A. B. Aley and E. Adams.

The lineup of the Barnard team as announced this afternoon by the manager will be: Hubble, p.; Brittain, c.; Cundiff, 1b.; Strader, 2b.; Van Meter, 3b.; Duke, ss.; Sharp, if.; Mehaffey, cf.; Badger, rf.

Base Ball War Imminent.

Virtually all hopes of preventing Sunday base ball in Maryville this season were lost last night, when an offer made by Fred P. Robinson of the week-day management to the All-Stars manager, Cleve Funk, was rejected. Leaders in the week-day management say it is up to the All-Stars now, while Manager Funk said last night the best offer made by the week-day management would not be acceptable.

The All-Stars were offered half of the gate receipts at the week-day games until their indebtedness of approximately \$85 was paid, but were guaranteed but \$50. The All-Stars declined to accept any offer but the entire amount in cash now or a guarantee of the entire amount from the gate receipts.

"We have been and are yet today willing to accede to the wish of the other management on the payment of all our debts, but that only," said True Hollowell, assistant manager of the All-Stars, this morning. "After today however, all is off. We will go ahead constructing a grand stand and bleachers on the Harrison pasture, East First street, preparatory to the opening game here next Sunday afternoon with the Kegin Brothers fast amateur team of St. Joseph."

Up to All-Stars Now.

"We have made our best offer, and it is now up to the All-Stars to accept or reject," said Walter Wray, assistant manager for the week-day games, this morning. "We have made every offer possible to prevent Sunday base ball in Maryville this season and can do no more but go ahead with the week-day games, regardless of what the All-Stars may do."

So that is the situation today, and probably is final, leaders on both sides agree. The signing up of players and attraction of an audience is now the main work of the two managements.

LEAVES ESTATE TO HUSBAND.

Mrs. Nancy J. Tippie, Hopkins, Also Names James W. Tippie as Executor.

The will of Mrs. Nancy J. Tippie, who died at her home, near Hopkins, May 25, was filed in probate court today. She names her husband, James W. Tippie, as executor. He was appointed today.

All her real estate, consisting of considerable farming land around Hopkins, was left to the husband by the terms of the will until his death, when it reverts to her children and grandchildren.

Squirrel Season is Open.

The open season for hunting squirrels in Missouri began Tuesday, June 1, and will continue until January 1, 1916. There is reported to be more than the usual number of this species of game.

Mr. and Mrs. Irvin Beam of Clearmont were visitors in Maryville yesterday.

HAS LIVED HERE FORTY YEARS.

Chris R. Walts Will Make His Home in St. Joseph in Future.

Chris R. Walts, who has resided in Maryville for over forty years, will go to St. Joseph Friday to make his home in future with his son, Frank E. Walts, a traveling salesman.

Thirty years ago Mr. Walts was engaged in the livery business at the present location of Robey's garage. He continued in this business for some time. For the past five years he has been employed at the Townsend Grocery company. Mr. Walts expects to retire from business life on taking up his residence in St. Joseph.

Return from Tarkio.

Miss Mildred Robinson and Miss Mary Margaret Richey will return tonight from Tarkio. Miss Richey has been spending the past two weeks with her cousin, Miss Marjorie Trout, and Miss Robinson has been the guest of Miss Kathleen Hurst since Monday.

POLICY UNCHANGED

GERMAN AMBASSADOR IS TOLD AMERICA WILL STAND PAT.

BREAK IS LOOKED FOR

Bernstorff Hopes to Induce Kaiser to Yield to Demands—Strain Between Countries More Acute.

Washington, June 3.—President Wilson emphasized in an informal talk with Count von Bernstorff, the German ambassador, the intense feeling of the American people over the sinking of the Lusitania and other violations of American rights on the high seas, and impressed upon him that the United States must insist on an adherence by Germany to the accepted principles of international laws as they affect neutrals.

No Change in Policy.

No announcements were made after the conference, which had been arranged at the ambassador's request, but it was stated authoritatively that there would be no change in the plan of the president and his cabinet to send in response to the German reply to the last American note an inquiry to ascertain definitely whether the imperial government will abide by international law or follow its own rules of maritime warfare. The note, which is being written by President Wilson, will be dispatched before the end of the week.

Discuss Fundamentals.

In twenty minutes' conversation the president of the United States and the personal representative of Emperor William exchanged views on the delicate situation which has arisen in the relations between the two countries. Their meeting was cordial, their conversation friendly and both discussed fundamentals and not details.

Count von Bernstorff later told friends that the interview had been satisfactory and the president had spoken clearly and frankly. The ambassador felt very hopeful when he returned to his embassy. He believed the report which he prepared for transmission to Berlin would enlighten the German foreign office on the true state of the American government's opinion and pave the way to a better understanding.

In official and diplomatic quarters opinion was divided as to the effect of the conference. Some thought it would be beneficial and bring from Germany conciliatory reply to the next American communication.

Explains U. S. Position.

The conference at the White House was the outstanding development of the day in the international situation. The president is understood to have explained the American government's position and to have reiterated that it was based on legality. It is believed the ambassador was told that if the German government could conduct its submarine warfare in accordance with the dictates of humanity in a way that would not endanger the lives and property of neutrals, there would be no objection to the use of the underwater craft as a commerce destroyer. The exercise of the right of visit and search, however, the president is said to have explained, would be insisted upon when submarines encounter unarmed merchantmen or vessels which do not resist capture.

225 TO TAKE QUIZ

TEACHERS OF COUNTY AND NORMAL TRY OUT THIS WEEK.

TO CONTINUE TWO DAYS

Examinations for Certificates Begins Tomorrow and Ends Saturday Afternoon—Select Examiners.

Between 225 and 250 teachers and would-be teachers from Nodaway county and others attending the Normal are expected to take the regular June examination for teachers' certificates, to be held here tomorrow and Saturday. The hundred expected from the county will be examined in the classrooms of the Maryville Business college. Those attending the Normal from out of the county will take the quizzes at the Washington school building.

Between 125 and 150 attending the Normal are expected to take quizzes. President Ira Richardson announces. This is far above the number taking the March examinations, when only fifty-two were examined. All those were teachers in Nodaway county.

Name Examiners.

The examinations will be supervised by County School Superintendent Bert Cooper, with Mrs. O. C. Hanna as chief assistant at the Business college while Miss Golda Airy of Maryville will be the chief assistant at the Washington building. Mrs. Hanna will have two assistants and Miss Airy will have two to assist her.

The examinations will begin at 8 o'clock tomorrow morning at each place and continue throughout both days, until all are examined. Some will not take sufficient quizzes to be entitled to a teachers' certificate, but will expect to finish next August, when another examination will be conducted. Some who took a partial examination last March intend to complete the work this time.

Some Will Merely Review.

Others will merely review for a better certificate or retention of their present teachers' certificates. Questions in the following studies will be given tomorrow morning. Geography, language, algebra and orthography. Tomorrow afternoon these subjects will be given: Grammar, arithmetic, literature and reading.

Saturday morning quizzes on civil government, U. S. history, agriculture, algebra and advanced science will be given, followed that afternoon with questions on physiology, writing, pedagogy, literature and advanced history.

Those desiring examinations on reading circle work also are expected to attend the examinations this week for special work.

KNOW BELLOWS IN ARGENTINA.

Picture of Stock Sale Here Two Years Ago in Buenos Aires Paper.

The name of Bellows, and their fine herds of live stock, likewise their modern, up-to-the-minute farm operations, is quite well known in northwest Missouri, and even other parts of the country, but it has gone further, Bellows Brothers have found.

On receipt of a recent issue of the Buenos Aires Herald of Buenos Aires, Argentina, South America, what was their surprise to find reproduced there in a picture of a big stock sale they held on their farm, southwest of Maryville, in June, 1913. A brief article telling of the Bellows herd accompanied the picture.

ROBERT WARWICK TO STAR.

"The Man Who Found Himself" Will Be Shown at the Empire Tomorrow Night.

Robert Warwick is the star of the 5-part photoplay "The Man Who Found Himself," which will be shown at the Empire theater tomorrow night. It is based upon the drama which, when produced a few years ago, was called "The Mills of the Gods" in New York and "The Coward" in Chicago. The author is George Broadhurst.

There is something of a problem in this play, not a sex problem, but one which concerns the vital parts of a young man's career. James Clarke, the principal, has fallen into disgrace by theft and forgery; has been sent to jail and escapes. His old associates and partners in error won't let him go straight until he "finds himself."

To Spend Summer.

Miss May French, who has been employed at Bloomfield, Mo., arrived in the city yesterday from St. Louis, where she visited her sister, Mrs. C. E. Lippman. Miss French will spend the summer in Maryville with her mother, Mrs. M. A. Martin.

MANY WITNESS SHAM BATTLE

"Blues" Defeat "Reds" in Company F's Imitation Warfare at Normal—Plan to Repeat Act.

While a crowd of fully 300 men, women and children looked on from the Normal and Normal walk, the "blues" division of Company F, Fourth regiment, National Guards, advanced upon the "reds," made a charge and a counter charge in the grove southwest of the Normal building, forcing them to retreat at 9 o'clock last night. The defeat of the "reds," in command of Lieutenant Arch Ledgerwood, was accomplished only after a continued firing of several minutes by the division under Captain John K. Ross and a detachment in charge of Lester Bennett.

The crowd could not observe the maneuvering, plotting and scouting prior to the attack in the Normal grove, but when once the enemies met, the spit of fire from the infantry arms showed up well in the darkness. Some in automobiles threw the headlights on the battle scene, to better observe the actions of the two divisions.

Plan More Sham Battles.

The battle was refereed by Chester Bennett and John McDougal. McDougal took the place of Paul Sisson, who was to have been a referee.

The sham battle held by Company F last night is the first of a series being planned by Captain Ross. It is intended to hold another among the company members soon, probably some place other than the Normal grounds, and also to invite the company of Tarkio here to engage in a make-believe war this summer.

The fact that the 350 rounds of ammunition carried last night were hand-loaded by company members placed no financial burden on the company. The "red" army last night under Lieutenant Ledgerwood consisted of nine men, while the division in command of Captain Ross consisted of sixteen.

One reason for the defeat of the "reds" was because of a blunder some of the members of that division made when they fired on a detachment of their own. This gave the enemy a knowledge of their location and resulted in the united attack from the west.

Considerable firing was done by several small boys after the battle in celebration of the event, which led many of the audience to believe that some members of the militia were still firing upon the enemy. After the attack, however, the members were marched to the armory without more ado.

RIDES FLOATING LOG TO TOWN.

Cliff White Takes Advantage of Flood in 192 River to Reach Hopkins.

Some excitement was caused in North Hopkins last Friday when a man was seen coming down the 192 river, north of the cemetery bridge, astride a log. The stream was a raging torrent, being bank full, and those who saw the man supposed he was a victim of the high waters. It proved to be Cliff White, attired in a rubber suit, who had taken this means of transportation to get to town from his home some two miles up the creek, where he had been at work dragging lumber from the river.

The log was traveling at fifteen miles an hour when it passed under the bridge, and it took some quick work on Cliff's part to dodge the piers and pull himself onto the bridge without being hurt or falling from the log into the water.—Hopkins Journal.

300 ATTEND SCHOOL PICNIC.

Clyde School Celebrates Closing by Spending Day in Grove.

The annual closing day picnic of the Clyde school was held yesterday in the grove of the Clyde convent and was attended by about 300 persons.

As a courtesy to Father Frowin, priest at the Clyde church, who is a former student at Conception college, the Conception college band came to Clyde at noon and attended the picnic, giving a fine musical program for the delight of the picnic crowd. Various athletic events and a ball game, in which the girls defeated the boys by a score of 10 to 4, occupied the afternoon.

Dinner was spread in the grove at noon. The program of the day was in charge of the teachers, Sister Frances and Sister Loretta. The Clyde school closed last week and on account of the bad weather the picnic was postponed until yesterday.

Tribune Gets Hog Book.

The publishing committee of the Poland-China Record association met Tuesday afternoon and decided to move the printing of its record book back to the Tribune office. It was taken from the Tribune three years ago and has since been done by the "Maco" office. Bids were called for and submitted by the three Maryville offices as follows:

The "Maco" shop, per page.....\$1.90
The Democrat-Forum, per page...1.95
The Tribune, per page.....2.00

The contract, which was let at the higher rate, runs for a period of three years, one book to be printed each year.

Largest Circulation in Nodaway County

For the eight months ending March 31, 1915, the total exports and imports of this country amounted to \$2,797,000,000. Of this business 12.64 per cent was carried in American ships under the American flag as against 8.34 per cent last year. This shows a 50 per cent increase, but it means that more than 87 per cent of our foreign business is still carried in foreign vessels.

In Randolph county the road commissioners have purchased sixteen car loads of oil, an oil sprinkler and a \$500 team of mules and propose to go at the matter of road improvement in a practical and business-like way. They expect this equipment to produce twenty miles of good roads, which will be followed by other installments. A road well graded and oiled and kept up makes a fine road and is less expensive than some of the slipshod makeshifts.

One development of benefit in peace that may come out of this war is the serviceability of the aeroplane. While they have not brought any great results in war, except in scouting service, they have been extensively used with but few deaths or injuries from accident, thus showing the practicability of the aeroplane when used in a business-like way. They are not being used now for turning somersaults, looping the loop, or any of the fancy stunts that have brought death to so many aviators in this country. It is entirely possible that in the near fu-

ture they may be utilized in the carrying of mails across seas and in other commercial transactions with comparative safety.

The Deadly Motorboat.

The drowning of two men in a motor boat accident near Parnell and the narrow escape of two more men in the same accident will remind those familiar with boating of how treacherous these attractive boats are. With a heavy engine, little freeboard and no water tight compartments, they present an assemblage of qualities which invite sudden death. With skillful management and reasonably good luck they are safe, but, since they are manned by people of all classes, they frequently are not well handled and are often overloaded. When luck turns there is disaster and the boat which should be buoyant in any position sinks like a wagon load of brick. The tricky canoe is a lifeboat in comparison with one of them when trouble comes. Nevertheless the fact that they are power boats and present an appearance of strength and stability deceives the inexperienced into supposing them to be safer than ordinary row boats. There ought to be a much stricter regulation of these craft with a view to securing greater buoyancy and makers ought to be required to indicate on every one of them by something in the nature of a Plimsoll line just what load they may be trusted to carry.—St. Louis Republic.

HALT, MR. CHINCH BUG.

Democrat-Forum:

Here is how a neighbor of mine saved his corn field from "chinta" bugs. First he took a plow and threw two furrows together, making a ridge as high as possible, going clear around the field. Then with rake smoothed the top of the ridge, then he took salt well wet with kerosene oil, making a trail all around the field.

At one corner he dug a hole a foot deep with straight sides, placing a joint of stove pipe so that one end was above the fire, the other end a little ways from the salt. Then he kindled a good fire in the hole, keeping a good bed of coals.

The bugs followed the salt trail, went through the pipe onto the fire. He used one barrel of salt and five gallons of oil, having to renew once on account of heavy rain.

J. J. ARMSTRONG,
 Route No. 3, Maryville.

Mr. Armstrong enclosed a rough sketch of both the corn field and the wheat field for the sake of proof.

A POPULAR VERDICT.

Based on Evidence of Maryville People.

Grateful thousands tell it—
 Of weak backs made strong—
 Of weak kidneys made well—
 Urinary disorders corrected
 Maryville people add their testimony.

They praise Doan's Kidney Pills. Maryville evidence is now complete. Maryville testimony 's confirmed; Reports of early relief substantiated. Merit doubly proved by test of time. Let a Maryville citizen speak.

Miss Harriett McClurg, 405 East Thompson street, Maryville, says: "I was troubled by pain and weakness in my back and hips and I could hardly get around. Doan's Kidney Pills stopped the trouble as soon as I used them, and strengthened my kidneys. I confirm the endorsement I gave Doan's Kidney Pills in 1908 with pleasure."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Miss McClurg had. Foster-Milburn Co., Props., Buffalo, N. Y.

Suppose We Pared These Tires

Suppose this All-Weather tread—now double-thick—was pared to the thinness of the usual anti-skid. Would it endure like this one? Or so resist puncture?

Suppose we used—as some do—one less fabric ply. Or made the whole tire lighter. Suppose we omitted our exclusive features:

Our No-Rim-Cut feature—
Our "On-Air" cure—
Our rubber rivets—
Our 126-piano-wire base.

All rivals do omit them. All of them are costly. Our "On-Air" cure alone costs us \$450,000 yearly to save needless blowouts. But could Goodyear Fortified Tires retain top place if we did not give those extras?

Cost Added
Prices Lowered

Instead of this, we all the time add costly better-

SHIP LIVE CATTLE TO FRENCH FRONT

Thousands Already on Way From United States.

CAUSES BIG RISE IN PRICES.

Bees on Hoof Will Be Landed in France and Driven to Trenches, to Be Slaughtered There—Packers Selecting Stock Physically Fit.

Chicago, June 3.—Live cattle are being shipped from this city to France to furnish the allied armies with beef during the summer campaign. Agents of one of the large packing companies have been busy for a month buying live stock physically fit to stand an ocean voyage, and as a result the price of this class of cattle has risen \$1 a hundred pounds. Sixteen hundred live cattle were shipped to Paris a week ago and another consignment of 1,000 has been dispatched.

The cattle will be shipped to a French port, driven directly to the battle front and slaughtered in the trenches as needed. They will be put aboard ship at Bayonne, N. J.

CONLEY SERVES SENTENCE

Negro Denies That He Wrote the Anna Maude Carter Letters.

Atlanta, June 3.—James Conley, negro factory sweeper, who completed his sentence of one year as accessory to the murder of Mary Phagan, denied that he had written the Anna Maude Carter letters which figured in Leo M. Frank's motion for a new trial.

Conley's denial, made in the presence of Solicitor Dorsey, was the first intimation that Conley had not been the author of these letters, by which Frank's lawyers sought to show that Conley had written without assistance the famous "murder notes" found beside Mary Phagan's body. Conley testified at Frank's trial that the notes were written by him at Frank's dictation.

Frank's counsel contended that the expressions and general form of dictation in the Carter letters were identical with those of the "murder notes" and that Conley had written both independent of outside suggestion.

CARMEN TOLD TO BE READY

Strike on Chicago Street Car Systems Looms Big.

Chicago, June 3.—A warning, "prepare to strike Saturday," was sent to 17,000 car and elevated railroad employees. This was on the heels of ultimatum sent to the heads of the traction companies demanding immediate assurance of wage increases and requesting immediate replies.

The companies previously have stated that they cannot pay more than the present scale while union leaders have stated that they will not accept arbitration unless the agreement to do so carries with it an advance assurance that their financial condition will be improved.

Germany to Pay For Guiltlight.

Berlin, June 3.—The German government has transmitted a communication to James W. Gerard, the American ambassador at Berlin, explaining that the torpedoing of the American tank steamer *Guiltlight*, off the Scilly islands, on May 1, was a mistake. Germany disavows any intention of attacking harmless neutral ships. In the cases where it is at fault it offers to compensate.

Sonnenschein Trial Begins.

Pierre, S. D., June 3.—The trial of Herman Sonnenschein, a prominent Stanley county stockman, on a charge of rustling two cars of cattle, which were shipped from Lantry in company with others, was commenced here on a charge of venue from Stanley county. The cattle in question were stopped at Mohrville and returned to the proper owners.

PRESIDENT'S WARNING FLASHED TO MEXICO

Agents of U. S. Will Deliver It to Warring Leaders.

Washington, June 3.—President Wilson's warning to the factional leaders of Mexico that unless within "a very short time they unite to set up a government which the world can recognize the United States will be constrained to decide what means should be employed by the United States in order to help Mexico save itself and serve its people," was flashed to Consul Silliman at Vera Cruz, the Brazilian minister at Mexico City and Consular Agent Barrothers, who will deliver it to the leaders of the factions with which they deal.

White House officials refused to amplify the president's statement, saying that any further steps in his new policy would be announced as they were decided upon.

President Wilson conferred with Miss Mabel T. Boardman of the executive committee of the Red Cross on relief of the famine sufferers.

Secretary Bryan announced the receipt of a dispatch from the Mexican Red Cross, emphasizing the great need in Mexico City. Another appeal to local Red Cross committees throughout the country will be issued soon to expedite gathering of supplies at the border.

HARD BLOW TO RUSSIANS

Germans Regard Capture of Stry Victory of Strategic Importance.

Berlin, June 3.—Some of the difficulties encountered by the Austro-German forces in capturing the important town of Stry, in Galicia, south-east of Przemyśl, are described by correspondents of the *Morgenpost* and *Vossische Zeitung*. They say that the capture of Stry was preceded by a large number of severe fights, of which the most bitterly contested was at Lisowice.

At this point the Russians had entrenched themselves strongly. Their trenches were protected by barbed wire entanglements. Once these had been taken the Teuton forces encountered strong defenses along the railroad embankment. Finally the village itself was stormed.

The Russians fired Lisowice and other villages in the vicinity when the attacking troops approached. Among the blazing houses a night battle with bayonets and clubs took place. The Russians offered strong resistance on retreating, bringing up new forces for one counter attack after another. The Austro-German troops, nevertheless, drove them back and pushed forward half way to the Dniester river.

German military authorities assert that this victory is of large strategic importance.

FRENCH BLOW UP GERMANS

Explode Seventeen Mine Fields Under Teuton Trenches at One Time.

Paris, June 3.—The part played by the engineer corps in the fighting in the region of Arras is described in a narrative from an official observer attached to the French army, as follows: "In the vicinity of Carency the battle has been conducted by the use of mines since January. In this region the galleries and subterranean connecting trenches are more than a mile and a half in length. On May 9 an attack was begun on Carency. Early in the morning the attack was prepared by artillery and simultaneously by the explosion of seventeen mine fields, which destroyed completely a majority of the enemy's barbed wire fortifications and demolished the enemy's subterranean passages. German sappers and miners were killed on sight, only seventy being captured."

MY TIRED FEET ACHED SO FOR "TIZ"

"TIZ" Eases Your Sore, Burning, Swollen, Sweaty, Calloused Feet and Corns.

Just take your shoes off and then put those weary, shoe-crinkled, aching, burning, corn-pestered, bunion-tortured feet of yours in a "TIZ" bath. Your toes will wriggle with joy; they'll look up at you and almost talk and then they'll take another dive in that "TIZ" bath.

When your feet feel like lumps of lead—all tired out—just try "TIZ." It's grand—it's glorious. Your feet will dance with joy; also you will find all "corns" gone from corns, callouses and bunions.

There's nothing like "TIZ." It's the only remedy that draws out all the poisonous exudations which puff up your feet and cause foot torture.

Get a 25 cent box of "TIZ" at any drug or department store—don't wait. Ah! how glad your feet get; how comfortable your shoes feel. You can wear shoes a size smaller if you desire.

Roumania and Bulgaria Agree.

Paris, June 3.—Bulgaria and Roumania have arrived at a complete understanding, according to a Bucharest dispatch. Roumania having agreed to cede territory in Dobruja. The two countries will enter the war simultaneously, the dispatch says. Roumania against Austria and Bulgaria against Turkey. The army staffs of the two powers are said to be busy co-ordinating military plans.

300,000 Russians Captured in Month.

Berlin, June 3.—The German army headquarters announced that more than 300,000 Russians had been captured during the month of May. Announcement also was made that further Russian entrenchments near Przemyśl had been captured.

The Route That Offers Most To Exposition Tourists

It's an investment that means a lot—your trip to the California Expositions. You should buy the ticket that will pay the biggest dividends in scenic enjoyment, in attractive and interesting points reached—in luxurious, smoothly-handled train service.

The Burlington is offering a Grand Circle Tour for Exposition visitors that comprises the biggest "Seeing America First" value ever offered. If you have made a Pacific Coast tour before you will realize this. If not, ask your friends, who are familiar with the West—who know what's what. Just get the facts about this Grand Circle Tour, then compare it with any other that you know about, and judge for yourself.

Stop-overs allowed at any point in either direction and 90 days to make the trip.

Step in and get your copy of our California Exposition folder, next time you're going by.
